Dodge & Lockman Resign

Dodge Going To Cal State Los Angeles
To Design and Initiate New Program

Richard Dodge, Jr., Director of Parks and Recreation
... Resigned as of April 15, 1967

The City of Sierra Madre was slapped full in the face with announcement Tuesday evening of their second and third resignation of department heads within a two-week period.

Richard (Dick) Dodge, Parks and Recreation Director of the City of Sierra Madre since June of 1965 tendered his resignation to the city to become effective on April 15, 1967.

Following the announcement of this resignation was the next of our City Engineer, William Lockman to become effective within four to six weeks or approximately May 1.

Dick Dodge came to Sierra Madre in June of 1965 from the City of El Monte where he had served as Recreation Director, prior to this he was eight years with the U.S. Naval Air Corps where he obtained the rank of Petty Officer Third Class. He was

a graduate of Cal State with a B.S. degree in Recreation Administration and at the present time needs only a few units for his Masters; he also holds an A.A. in Criminology.

Dick is president of the local Kiwanis Club, president of the California Parks and Recreation Society, District XIII, the largest in the state, and president of the California State Recreational Alumni Association.

Dick has accepted a position on a special project for Cal State in Los Angeles. The special project will be designing and initiating a whole new concept in a recreational program wherein

A Real Desire To Serve —

Fire Dept. Volunteers There When Needed Most

by R. ROBERT EVANS

Do you know the enormous responsibility that each Volunteer Fireman takes upon his shoulders when the fire horn sounds?

Do you know the jeopardy that each Volunteer Fireman places his family in when he answers a fire call?

Yes, it is well known that many men feel that it is great fun to ride the fire truck. Some people have the erroneous idea that it's a lot of fun, and that among the firemen there exists a lot of "horseplay" and the whole cotton picking program is nothing but a bunch of fun and enjoyment. . . . Those thinking such are so wrong, they are completely wrong in all respects.

True, no one forces a man to become a member of the Volunteer Fire Department. He does it primarily to fill

his civic duty to the community. He may feel that he cannot spare the time to work with the Chamber of Commerce, or serve as a city councilman, or its various committees. It may not be his desire to become a reserve police officer, or a member of the Search and Rescue Team, but in fire-fighting he may feel that he has something to offer the community. Having come to this conclusion, he asks for and receives an application to become a member of the Sierra Madre Volunteer Fire Department.

The very fact that he has applied for membership does not necessarily mean that he will or has become a member.

At the time he makes application he is fingerprinted for both the State of California and the Federal Government. Awaiting a report from these two agencies, the applicant is required to attend drills and meetings.

Swim Club Elects Its Directors

Sierra Madre Swim Club Boosters, Inc., elected its 1967-68 board of directors at the first general meeting of 1967 held on Monday evening, March 13.

Re-elected board members are: Alan Smith, who continues as chairman; Charles Kinkelbein, continuing vice-chairman; and team manager; Mrs. Lincoln (Sally) Paschall, treasurer, and Dan Hernandez, director-at-large, equipment.

Three new members to round out the seven-member board are: Lincoln Paschall, director; Mrs. John (Ellen) Bullard, secretary, and Mrs. George (Elsa) Grijalva, publicity.

Movies taken at the highly successful winter invitational swim meet held at Sierra Madre last December 10 were shown, and tentative plans for the spring-summer activities of the Swim Club were discussed.

The Swim Club Boosters is now being activated for the

Stopping the clock at 11:59, the council received and accepted, with regret, the resignations of Richard Dodge, Parks and Recreation Director, effective April 15 and Willie Lockman, City Engineer, effective May 1.

Fire Marshal

At the same time the Council reviewed the results of a recent test taken by five firemen for the position of Fire Marshal. Out of 210 test questions, with 70 per cent being 147, it was found that three had obtained a high enough score to be given consideration for the position. In order of their scoring: Richard Ludden, Joseph Grippi and Don Burleson, were accepted for further examination and consideration. The Council approved the recommendation of City Administrator Dennis that these three men be given further examination by three Fire Chiefs selected by City Administrator Dennis and Fire Chief Charles Brown. Council action will be forthcoming after this review.

Teen Center

Approval was given a teen center in the facilities in the Memorial Park now being rented by city employees on the conditions that 1. An opinion of a structural engineer will certify to its safety. 2. That the building department will issue a permit for the reconstruction and repairs, and 3. The Planning Commission will

give their approval from the standpoint of the overall master plan. With these three conditions accomplished the Council will authorize the Commission to expend \$4,000 for reconstruction and repair of the building.

Capital Improvements

The Capital Improvements Committee reported that they had made an estimated study of finances for the next four years and found that with careful administration of all budgetary items and conservatism, that the Contingency Fund should have a surplus by 1971 of \$552,380, and that it be appropriated as follows: \$25,000 be immediately allocated to the Library for the purchase of land for expansion.

\$75,000 be allocated during 1967-68 to the Parks and Recreation Commission for a youth center and expansion of recreational facilities.

\$100,000 be allocated during 1968-69 for the building of a new fire station with a capacity for two trucks and one small truck, living quarters and two officers quarters.

\$282,000 be allocated during 1969-70 for a new city hall and police station, this being the estimate for a foundation building with year to year add-to possibilities.

The Capital Improvements Committee also noted that it was using in its figures money that would be raised by a recommended increase in water rates which would bring in an additional \$67,000 per year which would be primarily a depreciation fund for the water department. This rate jump, if it should go into effect would raise water rates a little over \$5 per person annually, based on a population of 12,000.

Council adjourned to a special meeting April 6.

Masons Will Honor Wark

William J. Wark, who was recently awarded Citizen of the Year by the Sierra Madre Chamber of Commerce, is to be the honored guest of Sierra Madre Masons of Lodge 408, Friday evening, March 31 at 6:30 p.m.

The Sierra Madre Search and Rescue Team is in charge of the entertainment. "Bill" is one of the oldest members of the team, in years of service, and is also a member of the Masonic Order.

Fashions By Gullett and Harris

St. Rita's Guild Sponsors 'Fashions In Bloom'

The latest creations from the spring and summer fashion "whirl" will blossom forth when St. Rita's Guild presents "Fashions in Bloom" at its annual spring fashion show luncheon planned for Tuesday, April 4, in the garden area of the Charles Boggs' residence, 200 Arbolado Drive, Arcadia.

In keeping with the theme, Mrs. Frank Kromka, second vice president and general chairman of the event, reports that a colorful variety of the newest styles, ranging from "pure practicality to entrancing elegance," yet readily adaptable to everyday California living, will be shown from the Gullett & Harris and Youngland shops in Sierra Madre. Hair stylings will be from the Jean Clementi and Petite Beauty Salons.

According to Mrs. Gerald Dreaan, refreshment chairman, and Mrs. Ralph Bar-

Civil defense warning sirens will be sounded throughout Los Angeles County tomorrow, Friday, March 31, at 10 a.m. in a test of the equipment, which is conducted on the morning of the last Friday of each month, Sheriff Peter J. Pitches announced.

For the first time the new testing signal will be used, said Pitches. The test signal will consist of the undulating sound.

MR. AND MRS. CHARLES BOGGS' garden will be turned into a fashion center on Tuesday, April 4, when St. Rita's Guild presents "Fashions in Bloom." Children, teenage and adult fashions will give the ladies a glance into this season's latest styles. Modeling group is (left to right) Debbie Fruchman, Susie Fisher, Paul Bigley and the show's chairman, Mrs. Frank Kromka.

A SMALL GRAVEYARD with four markers. They tell a simple story of the faith and the struggle of our mountain pioneers. The story of the Colbys, Delos, Lillian, their daughter Nellie and Joe Arroy.

Portrayal of Frustration

Every Mountain Trail Has Story of Interest To Tell

There is a story connected with every trail, every cabin and early day resort. It is a story of the struggle of the people to take root in our mountains. To build a story of their dreams and expectations. When a trail, a cabin or resort is abandoned, it is a story of failure, financial losses, a story of frustration.

Delos Colby, a successful real estate developer of the Vernon Tract, lost all but his spirit in the crash of 1888-89. He spent his last few dollars for supplies and headed for the San Gabriel mountains in search of gold. The first year was spent in a crude cabin which he had constructed on a little flat near Wicup Creek, so named because Indians gathering acorns had built wicup type shelters there. Colby washed the stream gravels for gold, sometimes taking as much

as \$15 a day in nuggets and yellow dust, until suddenly the pay dirt failed. The placer worked out.

While prospecting high on the slopes of Mt. Gleason, he glimpsed the fertile valley near the head of Coldwater Canyon. The towering summit and great granite cliff of Strawberry Peak, the beautiful forest about its base, the springs and stream

DON PALMER, Art Director, with some of his own paintings which will be among the hundreds on display at the Foothill-Rosemead Shopping Center. Showing this week-end, March 31, April 1 and 2, open air. Local artists are invited to participate.

For Heaven's Sake!

We just heard that the Sierra Madre PTA of both schools has called a mass meeting of all parents for Wednesday evening at 8 p.m. And for heaven's sake, in that "old dilapidated, condemned and unsafe" Sierra Madre School auditorium!!! Each of you should bring your crash helmets, borrow one from your local fire department!

The ides of March are about to leave us, Saturday will be the first day of April, to all "April Fools Day." Gee, I'm sorry that my employees will not be around on that day, I sure could have a lot of fun. If April first would have just come on Friday, pay day, I could have given them all "blank" checks, that would have brought a couple of wry smiles to a few faces.

In and around Sierra Madre the month of April will be known as "Sierra Madre Search and Rescue Team month." It will be the month that the Chamber of Commerce will hold the drive to accumulate the necessary funds to run the team for the next year.

The last fund drive, sponsored by the Sierra Madre News, was held in November of 1965 and brought in a total of over \$5,300. Operational costs of the team run in the vicinity of \$6,500 a year, so a lot more work will have to be done this year than in previous years to raise the amount needed which is estimated to be \$8,000.

I have noticed with fond memories the "bloodhounds" on the counters of the merchants. These were used last in the drive in 1964, which accumulated over \$4,000 for the team, they were not used in the 1965 drive. In the bloodhound banks you can place your change as you shop with the local merchants.

Watch for the announcement of activities for the month, there will be special display days, and of course, the "trail races." The Chamber of Commerce is working closely with the team in formulating the drive.

Well, tomorrow we say "farewell" to our Chief of Police Jim Bale. We will not say "goodbye" cause Whittier is not too far away and we know we will see Chief Bale from time to time. He was a great guy to know and a wonderful fellow to work with, he always tried to understand your problems and lend his knowledge to work them out. Someone has a big pair of shoes to fill and this has no reference to Chief Jim's feet.

Well, I see up in my area, 12 more houses are under construction, and all of this has a tendency to reduce my "ranch" to a home among civilized people. I do hope, when they are built and occupied, we can get rid of a few of the rabbits, possum, deer, coyotes, rattlesnakes, skunks, bears and Cougar Nugarrs.

A tract, consisting of 61 lots now has nine families living in the homes and five under construction and will soon be inhabited with families, and now 12 more under construction. . . we will soon have a nice area full of beautiful homes.

We are fast getting our staff back in shape after several terminations, our newest employee is Peggy Goodall. . . Now this one is sure to get me into a mess. With a wife Peggy and an employee Peggy, I will probably be getting 2 for one call, oh well, it will surely work out as the days wear on.

I was reading a pamphlet on do-it-yourself savings wherein suggested that housewives could trim their grocery bills tremendously by buying direct from the farm.

Eric Van De Verg went to Mammoth to snow ski during Easter week. He said it was quite hot up there and had rained previously so the snow was really icy. He has returned to the University of California at Santa Barbara.

Mr. and Mrs. Thomas Nielson of 245 Sunnyside, spent Easter weekend at their ranch out in the high desert. The weather up there must have been nice with that clear desert wind.

Sam and Sally Misquez of 541 Alta Vista spent Easter at his mother's place in Pasadena. The entire Misquez family gathered for the fun filled event and that includes all nine of the Misquez children and their families. That must have been quite a gathering!

Mrs. Albert Myers of 101 Esperanza has been busy this past month. She advises the younger, less experienced members of the Woman's Club who really have their

hands full with all the activities being planned for their spring schedule.

Betty and Bruce Kelley of 3600 Fairmeade Road are sure proud of their son, Wallace. He is in the Aviation Unit of the Army Corps and is now at Fort Louis up in Washington State going to radio and teletype school. Wallace has been in the Army since spring of 1966 and is now a private first class. Mrs. Kelley was born and raised in Washington and told me she's happy to hear her son likes it too.

Pharmacy History Paintings At Pasadena Library

The world famous History of Pharmacy paintings, a collection of 40 original oil paintings by Robert Thom will be on display at the Pasadena Library from April 1 through April 13. On loan from Parke Davis and Co., this exhibit is co-sponsored by the San Gabriel Valley Pharmaceutical Association. The library is open 9 a.m. to 9 p.m. weekdays and 9 a.m. to 6 p.m. Saturdays.

Some of the topics depicted include the use in the year 200 B.C. of the drug (called by the Chinese Ma-huang), now known as ephedrine and an ingredient in many prescriptions filled in local pharmacies. Also shown is the famous botanical explorer Henry Rusby whose explorations in Central and South America led to such discoveries as Curare, used in hospitals in the San Gabriel Valley as a muscle relaxant prior to abdominal surgery, and to supplies of coca leaves, the source from which the narcotic cocaine is extracted.

The paintings depict such importance discoveries as the isolation of the quinine alkaloids from the bark of the cinchona tree, extraction of anti-serums from horses, the development of vaccines and modern manufacturing techniques.

Arcadia's Flower & Art Festival At Arboretum

Arcadia's Third Annual Spring Flower and Art Festival will be held April 14, 15 and 16 on the grounds of the Los Angeles State and County Arboretum, at 301 N. Baldwin Ave., Arcadia, it was announced this week by Richard S. Carlson, general chairman.

Sponsors of the event are the Arcadia Lions Club, the California Arboretum Foundation, Inc., and the Arcadia High School Art Club, with the Arcadia Chamber of Commerce serving as coordinator. Garden clubs and art groups of the area are lending their support, too.

Theme of the flower show is "Arcadia, Its Times and Tales."

Entries to both the flower show and art festival will be divided into professional and amateur divisions, and the art festival will have a third division for students, according to Earl Anders, Oscar F. Kraft Jr. and Edna Lenz, art co-chairman. Mrs. Bruce E. Roessler is chairman of the flower show section.

There will be five classifications within each division

of the art festival, with cash awards going to first prize winners. Second and third place winners will receive appropriate ribbons. The classifications:

Judges of the art festival will be Sam Hyde Harris, Lester Bonar and Philip Corneilus.

Cash sweepstakes prizes will be awarded for the best single work exhibited by professional or amateur and for the best single work exhibited by a student.

Artists may register their entries at a special office to be established at 16 E. Huntington Drive, Arcadia, from 10 a.m. to 4 p.m. on April 8, 9, 10 and 11. Entry fees of \$3 will be charged each professional and amateur artist, but student entries will be accepted without fee.

The flower show is divided into eight sections, embracing 55 classifications. The sections include: Flower arrangement, horticulture-cut specimens, potted plants, display of state flowers, a conservation exhibit, bonsai trees, a special botanical class, and outdoor garden displays by commercial exhibitors.

With the exception of the outdoor garden displays, all flower show entries will be indoors. Glenn Martin is chairman of commercial exhibits.

Further information on the festival may be obtained by contacting the Arcadia Chamber of Commerce.

Pi Lambda Theta Has Tea To Honor 100 Prospects

The Alpha Psi Chapter of Pi Lambda Theta has invited about 100 prospective members to a tea in their honor, to be held on Saturday, April 1, at the Hollywood House in Barnsdall Park at 2 p.m.

The prospective members from the San Gabriel valley are chosen for this honor by Professors at the California State College at Los Angeles, in recognition of superior scholastic achievement and high potential for professional leadership. The ability to foster creativity and academic excellence at all educational levels is also a deciding factor.

Dr. Milton Stern, assistant professor of music at California State College at Los Angeles, who is well known to television and radio audiences, will be the speaker. His topic will be "Creative America."

Hostesses who will take part in the orientation of the new members are: Mrs. Frances Bauer, Mrs. Gladys Sadd, Mrs. Ruth Franklin, Mrs. Ruth Sultan, Mrs. Helen Glasser, Mrs. Helen Turner, Mrs. Betty Unanlian and Mrs. Alexandra J. Prober.

This year's prospective members, as before, represent all communities in the San Gabriel valley including Los Angeles.

Begin Membership Enrollment Drive

Camp Fire Girls' families throughout the San Gabriel Valley will be called upon during the month of April by adults in the organization who are dedicated to the cause of explaining the cost of providing a high quality girl's program to the communities. They will be soliciting contributions from parents and friends of Camp Fire to assist in covering these costs.

The San Gabriel Valley Council of Camp Fire Girls receives support for its program from the United Crusade each year in the amount of about 50 per cent of the operating budget. The girl members have just completed their annual candy sale, which constitutes their contribution to the functioning of the organization, for nearly 30 per cent of the budget. A third source of funds is parent support which is being sought at this time through a Personal Interest Membership Enrollment Drive headed by Mr. John Burr of Altadena. Each of the eight districts in the Council has a district Personal Interest Membership Enrollment chairman, who in turn works with school chairmen and group solicitors or callers.

The goal has been set at \$19,670, according to Mrs. Chester McCloskey, finance chairman of the Board of Di-

rectors, and every effort will be made to achieve this mark. If for lack of callers any parent is missed, your contribution sent to the Camp Fire Girls headquarters will be appreciated.

Mrs. George Scrim, Council President, reports that informational meetings will be held at the Council Center, 391 S. Madison Ave., Pasadena at 8 p.m. and March 27 and 28 and again on April 3 and 4, to distribute literature to those persons working on the enrollments, as well as to establish clear lines of communication.

The Delman children took full advantage of no school on Easter Week and they invited their friends to visit them and stay overnight. As a result, Mrs. Delman had quite a busy week, but she said she really enjoyed the fun. Glen 12, Jeff and John 14, Wendy 10 and Abby 5, also entertained two of their cousins.

Mr. and Mrs. Dokken of 315 S. Santa Anita Court, celebrated Easter Sunday by having dinner at their daughters home in Pasadena. June and George Flemming, who used to be their parents' neighbors but now reside on Sierra Madre Villa. Their Dokkens were happy to see their grandchildren, Sheryl and Tom.

One of Sierra Madre's former citizens returned to visit. Mr. George Kehlet, one time owner of the O.K. Market, and a resident on Mariposa, came back to see some old friends and look again at the town. He's been managing a resort up at Lake

Tahoe and has his winter home down in Palm Springs where he has lived for 26 years. This young-looking, energetic man now 75 years old, tells me he's planning to retire soon. He's quite active and a very interesting conversationalist.

Tom and Mary Redman spent a semi-restful Easter Week because two of their children, Nancy (PCC) and Chris (PHS), went to the beach to visit their grandmother. But the youngest two children, Suzanne 4 and Zane 1½ months kept them busy.

Mr. and Mrs. Louis Van Iersal at 134 Montecito, had a big family gathering on Easter Sunday, when they hosted a dinner at their home. At this happy event were their three children, eight grandchildren, and two great-grandchildren. I can't think of a nicer way to spend such a happy holiday as Easter.

Patricia Louise Henry Engaged To Ronald M. Morse of Sierra Madre

Mr. and Mrs. Harvey Henry of 5453 N. Baldwin in Temple City announced the engagement of their daughter, Patricia Louise, to Mr. Ronald M. Morse of Sierra Madre. Mr. Morse is the son of Mr. and Mrs. Melvin Morse of 306 Mariposa in Sierra Madre.

The engagement was announced at a family gathering held during the Easter holidays. Her fiancé is a graduate of Pasadena High School and was also a student at Pasadena City College. He served in the Medical Corps in Vietnam until June, 1966. He is now currently employed with Advance Business Forms.

November 18 has been decided on as the wedding date of Temple City High date.

79th Birthday of Shakespeare Club

Resuming regular activities on Tuesday, April 4, following Holy Week, Shakespeare Club will celebrate its 79th birthday with luncheon at 11:30 a.m., presided over by Mrs. James C. Chambers, president, and then enjoy a specially prepared performance by the club's own Playboys Bunnies, Mrs. William R. Mayhew, chairman. This promises to be a hilarious birthday extravaganza. Members are reminded that this begins a half hour earlier than the usual lunch time.

At 1:45 p.m. in the Auditorium, the annual election of officers will be held, to be followed by a Travel Department presentation of Mr. Victor Sickinger and his color motion picture, "Western Canada," showing scenery and animal life in the western provinces and Yukon territory near the Alaskan border; 90 minutes of Breath-taking beauty. Mrs. William C. Hicks, director.

Eaton Canyon Women's Golf Club played its traditional pre-Easter tournament Flight winners received a ham for the low net scores. Those winning were Treva Schmidt with net 63 in A; Yolanda Whitely with 64 in B; C was won by Joan Curtis with net 63, and D was taken by Betty McCann with net 69.

How music organizations of the Sierra Madre-Pasadena area have influenced local culture will be explained by Mrs. Ronald S. Edwards Jr., president of the Pasadena Philharmonic Committee of the Southern California Symphony Association, when she addresses the Woman's Civic League, Monday, April 3, following a noon luncheon in the Women's City Club.

Mrs. Edwards holds a master's degree and secondary credentials in music education from Stanford University. She has gained much recognition for the many years she has served as youth choir director of the Westminster Church, Pasadena.

Mrs. F. James Kirby will be program chairman. Mrs. Joseph H. Stout Jr., president, will announce final plans for the Law Enforcement Conference the Civic League will sponsor jointly with the City of Pasadena, Wednesday, April 12, at the Shakespeare Club, and to which the public will be invited.

Celebrate Annual Birthday Week
Girls in the Sierra-Hastings District have been joining their Camp Fire sisters in all parts of the United States in celebrating their annual birthday week from March 19 through March 25. March 17 marked the actual Founder's Day for the 57 year old girls' organization. All four program levels, Blue Birds, Camp Fire Girls, Junior High Camp Fire and Horizon Club, have been participating in the festivities. Several groups have mounted displays in Sierra Mesa, Don Benito and Eugene Field schools. Also, Ralph's Variety Store in Hastings Ranch Shopping District gave window space for an extensive display of Camp Fire materials. Third grade Blue Birds of Sierra Mesa under the leadership of Mrs. John Veblen contributed a poster display for the Sierra Madre News window. These posters were originally used by the girls in their skit for the father-daughter banquet, utilizing the Blue Bird Wish as a theme. Mrs. Walter Chamberlin directed the girls in this activity. Included in the group are: Cynthia Benson, Barbara Brown, Debbie Brown, Linda Chamberlin, Julie Dietrich, Candy Evans, Lori Rutledge, Cathy Veblen and Lisa Wagner. As Camp Fire Girls join in noting this Camp Fire birthday, they will look forward with their adult leaders, to the varied activities awaiting them in the anniversary year just beginning. Each group aims toward a balanced program including focus on the home, business experience, the arts, science, sports and games, citizenship and the outdoors. Camp Fire Girls seeks to help every girl who chooses to belong to realize fulfillment of her maximum potential as an adult woman and responsible citizen.

Senior Citizens
Nourse, Miss Eva Jones, Mrs. Marie Peters, Mrs. Helen Bonn and Ben Goachee. Hostesses appointed for April are Mrs. Alice Burley, Mrs. James Brant, Mrs. Maybelle Barker, Mrs. Maxine Miller and Mrs. John Shaw. Tour chairman Minette Ring announced two trips sponsored by the Golden Age Club of Monrovia: The San Diego Zoo, April 25, and The Ramona Pageant at Hemet, May 7. Spaces are still available for the Death Valley tour, April 24, three days at \$45. The following program followed the business session: Poem, "The Magic of Easter," Mrs. Lillian Jones; "Take This Time," reading, Mrs. Lola Bullock; A Humorous Story on Medicine, Mrs. Charles Ring; Roland Ridgeway selected three poems from Earl Hoover's book, "A Poem for Each Month," January, "Start a New Year"; February, "Do Not Worry"; March, "I'm Coming to Club Today." Mr. Hoover who is a member of the Santa Anita Senior Citizens, sent a copy of his book of poems to Gov. Reagan and received a fine letter of appreciation. Members joined in community singing of patriotic songs and Easter hymns. Those responsible for table and room decorations were: Mrs. Anne Ridgeway, Mrs. Betsy Stevens and the Misses Jones. A chicken pie luncheon was enjoyed by all.

More Resignations
he has been named executive administrator of the program. Dick resides in West Covina with his wife, Bolle, and his daughter Julie Lynne. On the eve on planning for the summer recreational program, budgets and Park and Recreational programs, this is a great blow to the city. William Lockman, identified with the firm of Lockman-Bevington, have in the past several weeks accepted appointments and contracts to several major engineering projects, wherein it has become necessary to terminate the contract with the City of Sierra Madre, the contract had been in force since December 14, 1965, but carries a 30-day termination clause. The City Administration is now in the throws of finding and selecting, 1. Fire Marshal; 2. Chief of Police; 3. Chief Accountant; 4. Parks and Recreation Director, and 5. Chief Engineer. This is a rough one, especially this time of the year.

ing tone, lasting for one minute. The familiar steady wail, said Pitchess, will no longer be used as an actual warning signal or in monthly tests. The actual attack signal, which became effective on March 1, 1967, consists only of an undulating tone sounded for three to five minutes in the event an actual attack has been launched against the United States, and but for the one-minute monthly test, which will continue, will signify nothing else, according to Pitchess.

Aril Society International Show April 1-2

On April 1 and 2 the Aril Society will present its first show in this area in the Lecture Hall of the Los Angeles State and County Arboretum in Arcadia. From noon to 5 p.m. Saturday and from 8 a.m. to 5 p.m. Sunday visitors can see huge displays of the Aril Iris, so named because of its distinguishing small white button, or aril, on its seed. Most people are familiar with the common iris, but not too many are likely to know of this Aril group which is native to the Holy Land and southeastern Asia.

This many-hued flower will be displayed together with California natives, dwarfs and other less common types. A special feature of the show will be an exhibit of flower arranging. The Arboretum is at 301 N. Baldwin Ave. Admission to the show is free.

Perfect Society' Congregational Hears 'More

"Man's Search for a More Perfect Society" will be Rev. David Howell's sermon on Sunday, April 2, at the 10 a.m. worship service at the Sierra Madre Congregational Church.

Mr. Howell states that "Jesus tried to teach men how to possess both heaven and earth without abusing or losing either one."

The Women's Fellowship will meet on Tuesday, April 4. A Bible Study class directed by Rev. Howell meets at 11 a.m., followed by luncheon at 12 at the church.

The speaker at the luncheon will tell of the aims and work of the West Side Center in Pasadena, a "tutorial school for the culturally deprived child," where children of the vicinity come for individual tutoring in school subjects in which they are having difficulties. Children from first grade through high school are helped by volunteers, ranging in age and education from junior high school students through Cal Tech professors. Several people from this church have helped in this project and it is felt that all should be informed about this interesting and worthwhile work.

All women of the community are cordially invited to the fellowship meetings.

Editorially Speaking . .

A One Act Play!

Setting: Sierra Madre News Office. Time: June 5, 1967.
Characters: Housewife Jean, Daughter Jan, and Newspaper Editor.

It was a beautiful day. It was Monday and the newspaper editor had just received a nice order for advertising space from one of his major appliance dealers and was in the process of making the layout of pictures and type on the front counter. He had available the beautiful pictures of the Westinghouse ranges, washers, dryers, refrigerators, mangles and beautiful stainless steel work table as Housewife Jean and daughter Jan, 16 year old Sophomore from PHS entered the office at 4 p.m. to place a classified, advertising an old "oil range" that she was disposing of which was being replaced by a 1926 used gas range.

Upon entering the office and reviewing the work of the editor on the table the following conversation took place:

Jan: "Oh, mother, look at those beautiful new ranges! This one is exactly like the ones that we use at school to learn how to cook. Gee, mother, I do wish we could afford one like this."

Mother Jean: "I can imagine you cooking on a modern range such as this. I know all the mess that you make; how do you get all of the dish towels and cloths cleaned that I know you must dirty."

Jan: "Oh mother, that is no trouble, we just put them in the combination electric washer and dryer that we have at school, and then we use the automatic mangle to finish them. Gee mom, at school we have all the modern things to work with, just as shown here. We have beautiful refrigerators, and freezers to keep the food in. We have beautiful stainless work tops and sinks with dishwashers. Everything is absolutely perfect . . . Gosh, Mom, why doesn't Dad get these things for us, I just hate to have to use our old kitchen and its antiquated equipment."

Editor: "Well you see Jan, your father is a hard-working fellow, he has to support the family, buy the food, the clothing, the rent and utilities and sometimes his money just doesn't stretch far enough."

Mother Jean: "Yes, Jan, that is the truth . . . only last Christmas Dad wanted to buy us a new range and refrigerator, but on December 10 he found that he had to pay half of his personal tax bill which amounted to \$769.48; so there went the range and a lot of our Christmas."

Editor: "Goodness sake, Jan, do you realize that your father paid out of his taxes for the year \$399.10 for schools. Could be that your father is doing a lot toward buying those modern appliances at school that you talk about."

Jan: "How old are you, Mr. Editor?"

Editor: "Well, Jan, I am 54."

Jan: "Well when you went to school, Mr. Editor, didn't they have nice things for you to practice on?"

Editor: "No, Jan, when I went to school we went to learn reading, writing and arithmetic. We had a very nice school, warm in the winter and it kept the rain out, but no Marble Halls, no televisions, no radios, no modern appliances, no beautiful cafeterias, no electric typewriters. We had an open-air basketball court, and a football field over a mile away, without bleachers. But we were happy, and I know some of the girls that graduated in my class of 211 seniors back in 1932, became some of the best cooks ever turned out. You see, their mothers taught them at home. Taxes in those days . . . and I can remember Dad telling me about it, was a total of \$76 for the year. We went to school to receive a basic education, that we might go out and master the world under its normal conditions."

Mother Jean: "You see, Jan, what the editor is telling you, is that due to the high cost of living and taxes your father just cannot afford the frills and niceties of modern living."

Jan: "Well, mother, do you mean that when you and dad go to vote tomorrow, on that \$5.82 million bond issue, that the money will go to buy fancy things for the schools?"

Mother Jean: "No, Jan, that is not what it is for . . . you see those things have already been bought, instead of repairing the school buildings and keeping them up year after year. Remember two years ago when we had to paint the house and do a lot of minor repairs . . . well, if dad had bought a new range or put up a television receiving antenna instead, and would have done this year after year, soon the house would be either condemned or fall down. But instead of ignoring the necessities, we made the repairs and did without the frills; if we had not, then today we might have to go to the bank and borrow a good many thousands of dollars to do the repairs."

Editor: "Yes, Mother Jean, you and daddy better think hard about that little fact, when you go to vote tomorrow; after all this is one time when you are the Boss.* Did you say you wanted to place a classified ad to sell your old stove?"

Mother Jean: "No, I have decided not to sell it. Should the bond issue pass, then my daughter may need it when she gets married; heaven knows, if the taxes keep going up, up and up, what will my daughter do with all her modern methods of housekeeping, if she can't even afford an oil stove . . . I'll save it for her."

Editor, turning to employees . . . "See, that's the way the ball bounces; high taxes even cheated me out of a \$1.35 classified."

FREEDOM AT ANY PRICE

by
DR. HENRY V. WITTY

Management of this newspaper is not capable of answering questions to this column; however letters to the editor will be published.

"Respondent in snow-white uniform heavy with decorations, his balding head jauntily topped with the pitil (peasant sap), wearing dark glasses and carrying a swagger stick beneath his arm, he used his oratorical powers," coupled with strong left-wing support in official Washington, to mouse-trap Uncle Sam into millions of dollars worth of aid and long-term loans to bolster his sagging economy and build up his military machine.

How many of us know the story of Bung (Brother) Karno? This is the self-styled "Lion of the Platform" whose cunning and arrogance positioned him only slightly below the Gods in the intellect of his people, the "man of glory" who trusted the communists to the point of full collaboration, the "loving" Bapak (father) whose grandiose schemes (always with the aid of the communists) were to develop "NEFO" (New Emerging Forces) and destroy "OLDEFO" (Old Established Forces), the Supreme Peasant who by the age of 15 had his political horizon completely set in the unproductive and unyielding concrete of Marxist socialism.

This (if you have not already guessed) is the story of Sukarno who led 105 million Indonesians to the brink of total communist takeover on October 1, 1965.

Just before the communist coup, a member of the Indonesian Communist Party (P.K.I.) was reported to have said: "The situation in our country is like that of a pregnant mother on the eve of giving birth. The midwife is ready . . ."

Who was responsible for the near birth of this illegitimate monster? The evidence is now available for all to see — Sukarno! And who subsidized the rape of Indonesia to the tune of \$175 million? Again the evidence is available — the United States government with taxpayer dollars. Sukarno's "Guided Democracy" with its built-in Bapak philosophy (Father will take care of you) was nurtured and sustained by economic donations from the Soviet Union, Japan and the United States.

Most Indonesians accepted Sukarno's brand of "democracy"; after all, it was comfortable to leave all problems up to Bapak (Father). Reader's Digest senior editor Clarence Hall tells us: "The P.K.I. (Indonesian communists) nourished the president's (Sukarno's) megalomania, heaping grandiose titles upon him and prompting the press (which the communists controlled) to be ritualistic in praises of the Great Leader of the Revolution, Savior of Indonesia, Bearer of the Message of the People's Suffering, Great Shepherd of Indonesian Progressive Women, etc. P.K.I. would assemble on short notice, audiences of any size to applaud the Sukarno oratory, spotting cheerleaders through the crowds to insure that the acclaim thickened at the right time." (Bobby Kennedy, take note.)

Sukarno's house of cards fell to pieces in the early hours of October 1st, when his "comrades" made their fateful move to liquidate Indonesia's eight top generals. They missed by two.

Ten Years Ago:

The Wolfes, Jane and Jim, are really jumping this past month. They have lived here four years and never been to Los Angeles International Airport yet. But having visitors from the East fixed that. They were at the airport and back four times in four days! Moderation, please!

Sister Kenny Foundation announced its choice of chairman for its drive soon to be held in Sierra Madre. Mrs. Elena Brown of 461 W. Grand View. Mrs. Brown will begin the campaign in May and has expressed her wish to sign up enlisting volunteers right now.

The Clutchers is quite a car club. Not any hairy, goofy wild group, just some smart teenage guys who legally drag and race their rods on some of the local strips. They also have been aiding the police in rescuing a lost person, had some car washes, and are now running a safety check.

In line with Easter Holidays and traditions all the churches of Sierra Madre will open their doors to all who care to worship. First Baptist, Bethany, and St. Rita's will have special Easter services with appropriate themes.

Mr. and Mrs. C. F. Fritz and children, Dawn, Diane and Claudia, 476 Sturtevant Drive, will be guests of Mr. and Mrs. J. E. Baynes at South Gate for Easter.

Fifty-nine Girl Scouts and Brownies, accompanied by leaders, will leave Friday, April 11, for a weekend at Griffith Park Zoo. The group will return Sunday afternoon.

Thirty Years Ago:
April 2, 1937

The Chamber of Commerce is putting on a real treat for the citizenry. The subject will be "Los Angeles" and all about that giant city near us. The speaker is Charles Horwath from the All-Year Club.

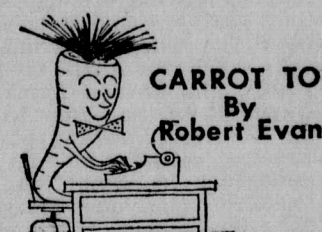

The famous Sturtevant trail pack was finally broken up when Mrs. Cora Corum's famous mules were sold to James Steel, who is building a pack station for Chantry Flats.

Bethrothal of Miss Elizabeth Morgridge, one of Sierra Madre's talented violinists and Mr. Harlow John Mills famous pianist-composer was announced yesterday in the home of the intended bride. They have performed together in various stage concerts for three years.

Gentlemen, if you want some really good suits for this spring go to Brenner and Wood for those good, quality suits. They are priced a little higher but are worth every penny you invest in good clothing. They range from \$15 to \$25.

"Hell's Angel" the immortal epic starring Jean Harlow will be showing in the Uptown Theater this week. The co-feature is "Sweet Adeline" starring cute, little Irene Dunn.

er . . . this little item set me to thinking . . .

— CT —

I could get out to the farmer and buy a 100 pound bag of potatoes for about \$2 which is half of the store price. Of course, Mamma's going to have to peel them. She'll have to boil them and mash them, when we want them mashed. She won't be able to dump a container of powdered spuds into the utensil, bring it to a boil, then serve.

— CT —

Then I could buy a couple of chickens: Place chickens, an axe, and carving knife in Mamma's well-manicured hands. Mamma will behead the chickens, pluck them, and carve them. She'll be delighted when she learns you save five, maybe ten cents a pound by buying the poultry on the farm.

— CT —

The same money-saving strategy can be applied to other items such as corn, for example. You can buy an antique grinder so that Mamma can shuck the corn, shell it and grind it into meal. If the grinder is adjustable, you can grind some wheat into flour.

— CT —

If you are really serious about beating the costs of inflation, this is one way to do it. We could also take up weaving and the other arts and crafts that made the American families virtually self-sufficient. Chances are, it would not be long before we looked on today's miracle of mass production and distribution with new respect and appreciation. If you can't beat them, join them.

— CT —

Oh well, in closing the column for this week I will close with this bit of wisdom: "If a silent telephone number confers status, think of how classy it would be to have an unlisted Zip Code." How about that? I hope, I hope, I hope.

Mr. and Mrs. Michael Valentine are looking forward to celebrating Palm Sunday and Easter. They are members of the Greek Orthodox Church, and natives of Nazareth. In the Holy Land the Armenian people celebrate Easter and Christmas five weeks later than we do here in the United States.

The Grijalvas, George, Elsa and their children, Dewey 10, Mark S. and Daniel 15 months all went to Snow

Valley, March 16, to ski. Everyone participated, except Daniel. Mrs. Grijalva was elected publicity chairman in the Swim Club Boosters and Dewey is again an active swim member. Mark is in Little League this year and hopes to get the position of outfielder. If I had anything to say about it Mark would have his position, simply on the merit of those big brown eyes!

On Saturday evening, March 18, the La Lone family celebrated Dan Whitney's birthday, by having a family gathering in his honor. Among those present were: Ruth and Evelyn McNeilly, Annoula La Lone and her friend Juanita Zapata, Dorothy and Julian La Lone, and the Whitney's daughter Virginia and her children Dan and Helene. Everyone had a really good time! A few days later the family gathered again at the Frank La Lones, who are expecting a new arrival quite soon.

The Wyck's have enjoyed a quiet Easter Week especially Julia, who goes to Wilson and Loren, who attends San Marino. On Easter Sunday they drove out to Cherry Valley to visit the Matthews, some good friends of theirs. They had a very good time and enjoyed that refreshing desert air.

No one has more little pearls of wisdom than Earl Knowles! He came into the office on Good Friday to give us one of these gems. "Said Heinz to Fritz, so staid and slow 'Pay now that 50 cents you owe.' It is no longer Lent you know!"

Sierra Madre Officer Wins Class Honor

Sierra Madre police officer Leonard J. Sims, 37, has been elected president of his class at the Pasadena Police Training Academy.

V.I.P. Travel

How do I describe Matson's South Seas Cruises in one column? Or one entire page? What words can truly picture that kind of earthly paradise at the end of a traveler's dream? Names like Bora Bora, Tahiti, Rarotonga, Moumea, Fiji, Pago Pago, Niuafo'u, Hawaii, New Zealand and Australia.

New Bora Matson's first stop after sailing from Los Angeles is, to me, the most beautiful island in the world. A coral reef completely surrounds the island and the blue and greens of the water are indescribable. The peaceful atmosphere and excellent native dances also defy description. A 2-hour drive around the island in "Le Truck" will permit a glimpse of three quaint villages with steps for shopping and refreshments. Also, while in the Society Islands one should partake of a true Tahitian tamaraa, or native feast.

The meal begins with the blowing of a conch shell that signals the opening of the Tahitian underground oven. The beating of drums calls the diners to take their places, and after a formal speech of welcome, they begin the roast suckling pig, Tahitian spinach, raw fish marinated in lime juice, breadfruit, poi, yams, baked bananas, coconut milk and pun punch.

The next port of call is Tahiti, and when I wandered down the flower-filled streets of Papeete for the first time, I wondered why I had waited so long. I stopped at Valma's for a cold drink and sat at a table on the pavement, right in the center of the waterfront area, with an imposing view of Moorea.

I smiled back at a Tahitian with his hat of plaited leaves, stepping from his boat, and nodded at the "vahine" in her gaily colored pareo, her long hair ruffled by the breeze and crowned by a scarlet hibiscus flower. Later I slipped through the swinging doors at Quinn's, that infamous saloon (for that is exactly what it is) for a native beer. It was crowded, pulsing with Tahitian music . . . a bit scary, I thought, but I wouldn't have missed it!

Also, another pastime which I couldn't quite resist was the market. It actually begins about 4:30 a.m. and is an event you mustn't miss if you are to capture some of the true feeling of Tahiti. And one last word about French Polynesia . . . THIS IS NO TIPPING!

Next stop on Matson's itinerary, Rarotonga. Weather permitting, your liner will make an "off-port" call at this paradise island. Because its reef-guarded harbor has on pier facilities, the island will, in effect, come to the ship, which cruises off shore for about two hours while island entertainers and craftsmen come aboard.

Upon departing from this small corner of heaven, the next port of Auckland. To me, one of the most unique aspects of this whole country of New Zealand is her Maori people, those descendants of early Polynesian navigators, "Vikings of the Sunrise." They are integrated with the Caucasian population on a basis of complete equality and include many

Two Local Artists Show Drawings

Two Sierra Madre artists are being honored by a showing of their drawings at the City Hall of Sierra Madre, from April 9 to April 30, in the Little Gallery. A reception is being held from 2 p.m. to 5 p.m. at the same place on Sunday, April 9.

The two men are Daniel Owen Stolpe, who maintains a studio on Montecito Court, and Lawrence Suman, who spends much of his leisure time in all facets of the media.

Both men were recently exhibitors in the 22nd American Drawing Biennial held from January 6 to February 5, 1967, at the Norfolk Museum of Arts and Sciences in Norfolk, Virginia.

The 150 drawings were selected by Mr. A. Hyatt Mayor, Curator of Graphic Arts at the Metropolitan Museum of Art, New York City. Six were selected from Southern California, including the two from Sierra Madre. One of these selected was selected for the traveling exhibition under the auspices of the Smithsonian.

The following presentations will be made: "Women in Drama," Miss Maudie Pritchett, noted T.V. radio and stage performer; "Women in Music," Margaret Hastings, soloist at the St. Edmund's Episcopal Church and active member of the Junior League Opera Committee and Janet Jones, Ph.D., research fellowship in electro-chemistry.

The YWCA will present its Valiant Volunteer Award. Newly elected and appointed members to the board of directors will be introduced.

The annual meeting chairman is Mrs. Robert W. Moulton and committee members are Mrs. Clarence Brooks, Mrs. John Fields, Mrs. Samuel Laidig, Mrs. Kenneth Learned, Mrs. Melvin Williams, and Miss Anna L. Davis.

For reservations telephone 793-5171 or at 78 N. Marengo Ave., Pasadena.

of this country's foremost civic, business and professional leaders.

But, preserved in legends and traditions, they have a distinct and fascinating history, reminders of which you find in the great carvings, the music, dances and folkways to be observed in the various Maori communities.

From Auckland to Sydney, Australia, a playground for its 2 1/2 million people. Few other urban centers can match its climate, natural environment and sophistication. The harbor, studded by its "coat hanger" bridge, is one of the world's finest. Be sure to go up to the lookout atop the southeast pylon of the bridge . . . View! View! View!

And now, I will leave you in this "Land Down Under" until next week when we shall begin our homeward journey aboard Matson's luxurious Monterey or Mariposa.

Crib Crop

Robert and Consuelo Davidson of 75 W. Mira Monte Ave., became parents for the sixth time on March 11. At 10:21 a.m. in St. Luke Hospital, Robert Anthony was born weighing exactly 7 pounds. He has two sisters Susan, 12, and Jane, 11, and three brothers, Chris, 9, Greg, 6, and John, 1 to help their mom and dad take care of him.

Alan and Mary Lea Elliott of 123 E. Sierra Madre Blvd. are the proud parents of Rebecca Jo. She was born to them in St. Luke Hospital on March 15, at 3:56 a.m., weighing exactly 7 pounds. She has an older sister, Christine, who is 14 months old. Mr. Elliott's parents live in Chicago and haven't seen their grandchildren yet, but Mrs. Elliott's parents have the opportunity, since they are practically neighbors. Her parents live in Pasadena.

Paula Randall Will Display Art From Welding

Mrs. Paula Randall of 441 Ramona certainly has an unusual way of sculpturing metal. She welds her art together. Welding isn't really new, it's true, but its usually the means of the young, upcoming artists, not those old established. Yet, Mrs. Randall really shows her versatility. She has been in the sculpturing field for 20 years and has been quite successful at it. She's studied at Minneapolis Institute of Art, Otis Institute of Art and University of Southern California.

About five years ago she began to weld and found she really enjoyed it. Now, a few years and several awards later, she will display nine of her works privately to art buyers.

The show will be sponsored by San Fernando Chapter of Brandeis University National Woman's Committee.

TAKE YOUR PROBLEMS TO CHURCH THIS WEEK—millions leave them there!

The Century of the SOAP OPERA

Those sentimental serials which accompany many a housewife's daily chores have made an important contribution to our culture. They keep us mindful of the complications of living.

You can't follow a fictional family over an obstacle course of crises without realizing that your own family, too, has its ups and downs.

Elementary in this century is the fact that life can be—but ordinarily is not—beautiful!

We live in a time that requires serious planning of our todays and tomorrows. We ought especially to be concerned for our family's spiritual fibre . . . for the unfolding character of our children for the religious resources with which coming crises will be met.

The Church offers opportunity and inspiration in our quest of the lofty ideals of the Christian faith. The most important decision a family can make is to seek its finest aspirations through worship, religious study, and sacrificial service.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

SPORTS AS Hank Ives SEES IT

VIVE EL MEXICO . . . GUAYMAS, MEXICO . . . Saludos Amigos, como esta usted?

EIGHT DAYS in the sunshine deep in the heart of Mexico and then a return to the old grind of everyday California living.

THE COLUMN THIS WEEK may stray a notch or two from the sports line but without seeing a paper or listening to the radio for over a week leaves you, out of touch.

TRAVELOGUE TIPS . . . Guaymas is a seaport some 800 miles from Pasadena on the San Carlos Bay, Gulf of California, equipped with a marina and a trailer camp that can accommodate over 100 families. Surprisingly enough the camp is much like Little America. You run into people from Ventura, Palo Alto, Flagstaff, Albuquerque, El Paso, Tucson and, of course, Los Angeles.

SAN CARLOS is owned and managed by an American, Stu Bryson, who has adopted the easy customs and living of the Mexican people. His camp is overrun with tourists usually on the Christmas and Easter vacations. Bryson has a small bar, restaurant and curio shop and during the week brings in a group of Mexican minstrels who bang out the rock and roll to the delight of the young people in camp.

THE HEAVY INFLUX of gringos during these periods obviously has an effect on the sanitary facilities, the bar runs out of cerveza (beer) and the kitchen develops an acute shortage of tortillas.

MY FAMILY MADE THE TREK in company with the Vern Van Zandt of Sierra Madre and the Bob Bownels of Pasadena, 14 people all

to the caravan. When we signed the guest register at the marina there were such names as Bob Michaels of Sierra Madre and H. P. Waters, an administrator at Citrus College.

THE MEXICAN ROADS are fair in comparison to an average American road. If you enter Mexico at Mexicali you are faced with endless miles of desert with only a few small cantinas along the way. It is advisable to gas up at every opportunity. At least no one ran out of petrol on this trip.

THE NATIVES ON THE WHOLE are every friendly and eager to please the American tourists. Many speak broken English and if you studied just a smattering of Spanish in school it will come back to you very quickly. Bartering as a rule is done only at the mercado. The exchange of money is difficult to get used to and if you don't remember that 25 pesos equals two dollars, American, and one peso is eight cents, take someone along who can.

EASTER VACATION CAME a couple of weeks early this year. That's why the fishing wasn't up to snuff. At least it seems like a tangible excuse for the failure of fish to literally jump in the boat as we had been led to believe would happen.

ACTUALLY THE WATER was still a bit chilly and the winds came up in the afternoon. Yellowtail started to hit just at the end of the week. Sand sharks are a dime a dozen. Lots of fun to catch but strictly a pain when you are going for table food. Mexican waters produce a fantastic variety of fish. When a live bait

and lush meadows. Here he decided to build his mountain home. In a few years, with great toil, Colby converted the wilderness into a paradise of orchards and meadow. In 1886, he moved his wife and daughter into a two story cabin to make the ranch a home.

To the buildings they added a kitchen, dining room, bunk house, barn and stables. The wood came from the wood lot above the ranch, cut in the saw mill they constructed by the stream. All of the supplies and heavy equipment were packed over 16 miles of steep narrow trail from the mouth of the Arroyo Seco.

News of the rich gold strike in the Klondike reached them in 1887, stirring the gold fever in Colby once again, and he started for Alaska dreaming of riches. Ma and Nellie, left at their isolated mountain home, did all they could to keep the ranch going. They were assisted by a kindly old mountain man Tom Clark, who had cabins all over the back country, and had built the first cabin at the Loomis Ranch.

The courage of the two women became a legend in the mountains. Nellie, but a slip of a girl, often packed apples from the ranch to the markets in Pasadena, and supplies at night to the fire fighting crews. A year went by with no news from Alaska, and the family gave up hope of ever seeing Delos again. On night, from high on the Strawberry Trail they heard his familiar call. Colby had returned, broken in health and empty-handed. In 1907, 16 years after he had built his first cabin, Colby was given his homestead rights.

Nellie had married a young man from the city. Soon after the wedding he enlisted in the Spanish-American War; and never returned.

Nellie never completely recovered from her grief. Her beauty brought many suitors to the ranch, among them a man known simply as Joe Argay who gave up his job in the city to help with the

work on the ranch and to court Nellie. In 1914, before the courtship ripened, Nellie died. She was the first to be buried in the little plot by the Eternal Springs.

Delos Colby never regained his health. With the creation of the game refuge, and the decrease in hikers, Colby experienced hard times. Worry contributed to his rapid decline. He died in 1918, and was buried beside his daughter. Joe Argay had promised Nellie he would look after her folks.

Left alone with the work, he did the best he could, but the ever returning forest growth was reclaiming the fields and orchards. The ranch was steadily going down.

Ma Colby brooded more and more, spending hours by the little graveyard expressing the wish to be with her family. She took to raising cats, collecting about 50.

One bleak winter day in 1928, the ranch house caught fire with Ma Colby in it. Cats leaped from every door and window. Mrs. Colby died in the flaming building. Whether the fire was set by her own hand remains a mystery.

John Opid, a famous mountain man had a vision of Ma Colby's ghost. She told him her last love on earth had been her cats and she wanted to take them with her. It is a matter of record that Opid tracked down and shot every cat, and "quite a job it was."

Since there was no will, the ranch went to distant relatives, the Moultons, depriving Argay of the home that the mountain folks thought should be his. Joe, a kindly old fellow, now was unwilling to leave the place that held so many memories. He moved from the ranch and built a squatter's cabin near the north boundary which he named the "Hermitage," and took to raising chickens.

Friends brought him papers and supplies as he never went to town. Joseph Argay died June 25, 1940. He was buried by the Colbys in the little plot by the Eternal Springs.

He was born in Sierra Madre, the youngest son of its founder, Nathaniel Coburn Carter. He was co-founder of Carter's Camp, a popular summer resort in the Little Santa Anita Canyon. Later he operated Carter's Camp in the Big Bear Valley.

Active in Masonry, he was one of the founders of Big Bear Lodge and served as one of its early Masters.

They report the weather was perfect and the fishing even better . . . they caught their limit every day. That's fishing! On Easter Sunday the Edgmons hosted a large dinner. Wilma Keith of Riverside (Mrs. Edgmon's sister), Mrs. Caddie Edgmon and Mrs. Waller from the Convalescent Hospital in Arcadia, Mr. and Mrs. Larry Anderson of Pasadena and Suzanne and John D. Witt of Monrovia attended.

You and Your Neighbors

George Graham and Bobbie Rambeau sure had a fun weekend when they went to Las Vegas. They saw all the floor shows and Mrs. Graham won enough to balance out the entire expense of her trip. Now that's how to see Las Vegas! John Graham Jr., 15, is working this Easter vacation with his dad, at R. K. Marritt in Azusa. Meanwhile brothers Jim 9, and David 4, are enjoying this vacation by just resting and playing.

— ☆ —
Allan and Cynthia Smith of 341 E. Alegria are going to celebrate this Easter weekend by camping. Their

children, Simon, 11; Amanda, 9, and Louise, 15, and Mrs. Smith's mother, Mrs. Alice Aulson, are joining in this merry journey. They hope to go to Lake Mead if the weather permits. Amanda will have her 9th birthday on March 24. The Smiths have been in Sierra Madre a couple of years since moving from England. They really appreciate the warm climate of Southern Cal and all there is to do and see.

Fire Dept. Volunteers There When Needed

Here the officers of the department look over the applicant with a critical eye toward him becoming part of a well-organized and working team. When the two agencies report favorably, then the applicant is considered by all active members of the department. If he is then given a favorable vote, he becomes a member on probation for a period of six months.

Once on probation, he is given the special attention of every officer and his volunteer buddies. Each of them knows that the time may come when the new recruit may be in a position to either save his life or the life of a buddy or a civilian.

He is instructed how to work as a fireman and how to play as a fireman. He is watched closely, to find out if he is giving all he can, and at the same time taking all he can. To be a good volunteer he must be able to bend with the wind at all times. He is taught the use of every piece of equipment available and must attend two drills each month and has open to him attending four additional training sessions per month, and has the privilege of attending two meetings in the upper chamber per month, although he is not allowed to vote or help make the rules and regulations. He listens to advice and discussion of various subjects, and should he have anything to say, he is given audience.

When accepted for probation, he is given his work uniform and his badge, and is taught that aggression without knowledge may be dangerous not only to himself but to his buddies. He also is provided with accident insurance by the city as an employee.

Each active fireman has a Plectron radio in his home. This gives him 30 to 60 seconds headstart on the fire horn, and at the same time gives him the location and the type of fire that he is being called to extinguish.

Now to answer the first question of this article. When the fire horn sounds or the Plectron radio calls your volunteer into action, he reacts immediately. He must, if at home and must reach the fire by car, proceed with all the caution possible. He generally is responding to a "Code 3" fire, but is given no privileges as far as traffic signals or speed are concerned. As he approaches the area, naturally he is approaching a disaster area. Here untrained people may subject him to accident; he must be ready or these emergencies. Should he go direct to the fire barn and go out with the truck, he places his life in the hands of the driver as well as in the hands of the civilians who may become excited and run in front of the truck.

Each fireman arriving at the scene of a fire places his life and his body in the hands of his officers and buddy firemen. Without hesitation he must approach whatever disaster is prevalent. He must be ready to go into a burning building to save a life if necessary. He must face possible explosions, falling debris. He must be ready if directed to go to the roof and break it open, go into the building with a charged hose.

Yes, to some it may have seemed fun to ride the fire engine, but to each fireman there is nothing more serious, and his mind is forever working on the disaster ahead as it may be coming in on the radio on the truck. He has offered his life, that he may save that of his buddies or some unfortunate citizen caught in a disastrous fire.

Yes, a fireman places his entire family in jeopardy. As a volunteer fireman he receives a compensation of \$10 per month and in addition \$5 for a night fire between 9 p.m. and 6 a.m., but he is not given any life insurance that might take care of his family in the event of serious injury or death.

Therefore, through the California Association of Firemen, they are offered life and accident insurance, which every man feels he must take, although it costs him, in many cases, more than he receives as compensation, so it can plainly be seen that nine out of every ten firemen actually pay to be Volunteer Firemen for Sierra Madre.

Not everything a fireman does, of course, is serious. As a probation member, he is soon taught when the firemen play and when they work, and, so help me, he must remember this always, for the minute the fire horn sounds, play is over, or when in training and word is received from an officer, it is respected with authority and no play is tolerated.

Do you want to become a fireman for Sierra Madre? With a new fire truck scheduled to arrive in the next couple of months, the Fire Department would like to fill its roster to a full 35 men, and there are about 10 openings available. If you are interested, contact any fireman, or Secretary Don Burleson, who will furnish you with an application. From there on whether you become a member of the Sierra Madre Volunteer Fire Department, depends upon your past record, and your ability to "work as a fireman" and "play as a fireman." You will be welcomed with open arms by one of the finest working groups that you have ever had an opportunity to join.

Plane Flights Given For 2 Cents A Pound

On Sunday, April 9, the San Gabriel Valley Chapter of the Ninety-Nines, Inc., International Organization of Licensed Women Pilots, will hold its third annual two-cents a Pound Flight at Brackett Airport, 1615 McKinley Ave., LaVerne, (just west of the L.A. County fair grounds).

The public is invited to participate, at which time they will be given a short ride in a small airplane for two cents for each pound of their weight.

For those who wish a longer ride, scenic flights over the beach area in a twin-engine aircraft will be available for \$5 per passenger. A static display of old and new aircraft is also planned.

The past flights held by this organization were very well received by the public with many of the passengers experiencing their first time in the air. Proceeds will be used to help with expenses of the Powder Puff Derby, Amelia Earhart Memorial Scholarship Fund, Civil Air Patrol and other flying activities.

Flights will commence at 9 a.m., with passengers loading near the administration building. Only commercially rated pilots will fly the aircraft.

See the valley by air! Rain date is Sunday, April 16.

Cub Scouts No. 390 See Long Beach Naval Station

Cub Scout Pack No. 390, Rose Bowl District, San Gabriel Valley Council of Sierra Madre held their family outing for the month of March at the Long Beach Naval Station. Their enthusiastic report was as follows:

"Mr. Harold Conway, our outings chairman, made all the necessary arrangements with the Navy for this trip and we would like to express our appreciation for his efforts. Mr. Tom Elliott, our committee chairman and Mr. Bill Scharf, our Cubmaster, together with their families, headed the attending group. There was excellent Cub participation and we wish to thank all the youngsters for making this outing a success.

"The Navy furnished our group a guide who met us and showed us many interesting sights about the Naval Base area and assisted our group in staying together. The Cubs enjoyed a quick lunch at one of the cafeterias.

"However, the real highlight of the trip was a tour of the aircraft carrier USS Hornet, which is the eighth ship of her name. What a ship! This was a most delightful tour and the boys, as well as the parents are much enlightened by the many fascinating items aboard the carrier. There was only one puzzling aspect — I'm still not sure if that gun was supposed to be turned."

Teenage - Parent Discussion Heard

"They don't understand us." "They always criticize us." "We can never please them." Common complaints heard against parents; common complaints heard against teenagers!

The Pasadena YWCA, 78 N. Marengo Ave., is presenting an opportunity for parents to express their concerns and questions about their teenage children and the problems of parenthood.

The aim is to find some answers or at least some guidelines. Discussions will be led by an expert in family relationships.

The group will meet on four Wednesday morning at 9:45 a.m., beginning April 19. There will be child care available for young children. Registration will be free for YWCA members and \$2 for non-members. For further information, contact Mrs. Barbara Madden, 793-5171.

It is not that I mind maturing you understand, it is just that suddenly I feel discriminated against. In the "olden" days a woman could grow gracefully mature without anyone being particularly aware of the passage of time. No more! There is a wall as thick as an iron curtain between before forty and after forty.

Now I ask you, can you see a forthright plus woman trotting down the boulevard in a "mini" skirt? True, you do see them but you shouldn't. Matter of fact some of our best dressed women, according to some pool or another fancy that they look well in those elongated undershirts they call "mini" skirts. No one asked me for my vote.

As long as I am on the subject, I'd venture to say that 90 per cent of the gals that do brave the winter winds in their short skirts would do well to drop the style entirely. Just how many gals do you know that have gams good enough to be seen in public in their entirety.

Then we have the paper gowns. Now that is what I call a real challenge. They kind of put me in mind of the rubber bathing suits of yesteryear. I remember I had one and never went swimming without my trusty vulcanizing kit. Suppose they could get a do-it-yourself scotch tape pack for the truly daring misses.

There is one advantage I will have to admit about paper gowns, you certainly can't keep them forever and when you've crumpled and torn them you can always drape yourself around the house and dust the furniture.

Makeup is another matter, the "extremist youths" want to look pale and frail while the older gals try to achieve a hale and hearty look that they had in their youth. You know the old saw about not appreciating what you had till it's gone.

Well, I've made my choice. If you happen to see a robust old gal with all of the vital parts well screened and a look of roses in her cheeks it will be just little old frankly over-forty me!

Such glad tidings in the Leo Majich home. For nine long months the entire family has been "thinking pink." With only one daughter and three sons they thought they really ought to even up the score a bit.

On March 20, 1967 their wishes all came true. They had a lovely little 7 oz. 15 oz. girl, and are naming her Evelyn. The other children are Theresa who is almost 14, Anthony, 12, Tom, 10 and Paul, who is 7.

The maternal grandmother is Mrs. Vido Artukovich and the paternal grandparents are Mr. and Mrs. Peter Majich.

Mr. and Mrs. Neal Batterson of Doyne Road recently had the pleasure of gathering some of the old Kinne-loa guard for an evening of remembering with Mr. Tom Greiner. The Greiners may have moved to Akron but their spirit is still in Kinne-loa. They got together for a pot luck dinner.

Those invited were Mr. and Mrs. William Nash, Mr. and Mrs. Don Swarthout, Mr. and Mrs. Ward Clark, Mr. and Mrs. Larry Dietzel, Mr. and Mrs. Karl Dietzel, Dr. and Mrs. Paul Hamilton, Mr. and Mrs. Dan Marvosh, Mr. and Mrs. Harry Pulaski, Mr. and Mrs. John Wilson, Mr. Ed Ruck, Mr. and Mrs. Richard Gorris and Mr. and Mrs. Norman Batterson.

Tradition is a lovely thing. For well over ten years three families have been getting together with their children for an after Easter-service brunch. This year the gathering was at the home of Mr. and Mrs. Bob Farmer and their three sons Cort, Scott and Eric. The William Olsons were there with their two sons, Scott and Bob, and the third family, the Brewster Benedicts with their son Charlie.

When Mr. Skipper Rostker has a birthday there is nothing he would rather do than to share it with the neighborhood children. The invited children always bring children's gifts which he in turn passes on to those less fortunate. This year the gifts will be donated to the Head Start program in Pasadena. The children, 20 in all, were taken to Travel Town, where they had cake and ice cream and goodies in one of the old train cars. They had a wonderful time exploring and climbing all over the

Virginia Lundgren Plays Margot In Anne Frank Diary

VIRGINIA LUNGREN of Sierra Madre, will play a supporting role as Margot Frank in the Pasadena City College production of "The Diary of Anne Frank" in Saxon Auditorium, April 7 and 8 at 8:15 p.m.

Virginia Lundgren of Sierra Madre, theater arts major, will portray the supporting role of Margot Frank, sister of the heroine, in the Pasadena City College Theater Arts Association production of the "Diary of Anne Frank" in Saxon Auditorium April 7 and 8 at 8:15 p.m.

The pressures of total war mount in this renowned dramatization by Frances Goodrich and Albert Hackett of the true story of Anne, her family and her friends. Hidden in the garret from the Gestapo during World War II, the ten characters in the play experience strained family relations, deprivations, but with it all the inspiring character development such an experience demands.

Miss Lundgren plans to continue her education at CSC, San Jose. She is the daughter of Mr. and Mrs. R. A. Lundgren, 585 Hermosa, Sierra Madre.

The Kirkpatrick's of 324 E. Alegria, had an out of town visitor. Mrs. Clark of Downey, Charity Kirkpatrick's mother came for Easter week. She said she really enjoyed her stay in Sierra Madre and the opportunity to spend Easter with her daughter, son-in-law David and 9 year old granddaughter, Kim.

Guilid past presidents, Mmes. John Gendron, Archie Miller, John Moe and Andrew Papac, will preside at the coffee table. Guests will be greeted by Mrs. W. Gerald Driscoll, Guild president.

Models for the affair include Mmse. Joseph Lovano, Rudolph Lopez, Stanley Yelich and Carl Frahm. Others are Miss Veronica Marchine

and Miss Alice Mang. The current "in-group" fashions carefully designed with the "better-dressed" teenager in mind will be presented by Laura Driscoll, Tina Kromka and Debbie Frahm, students of Alverno Heights Academy. Young Miss and Tiny Tot Fashions will be modeled by Sara Jane Heck, Mary Ann Nuccio, Laura Walmsley, Joanne McGoldrick and Susie Fisher. The young men's apparel will be worn by Dennis Alfieri and Paul Bigley.

Luncheon will be served at 11:45 a.m. Over 300 guests are expected. Free baby sitting is available at the home of Mrs. Thomas Concidine, 48 W. Alegria, Sierra Madre. Additional information and tickets may be obtained by calling Mrs. William Boardman, 355-9790, or Mrs. Ralph Foley, 355-7686.

You and Your Neighbor

Lois and Edward Riggins of 174 Oak Meadow Road were host and hostess to friends of theirs from Chicago, Mr. and Mrs. D. W. Christopherson, from March 12 to 18. Two days later, they sent daughter Cherre and her friend Patty Poolman off on a three day trip to visit Sylvia De Benedetti, a friend of the girls who has moved up to Santa Maria. Meanwhile, Mrs. Riggins sister, Mrs. Richard Glover of Fresno and her daughter Terri, arrived on March 21 for Easter. On March 25, Mr. Glover arrived. This was a lively Easter Week!

The Mays family of 301 San Gabriel Court, drove down to the beach Wednesday, March 22. The boys, Richard (PCC), Steve (PHS),

and Jim (Wilson), went in the water only to find it too cold. They surely didn't have to worry about sunburns though!

Florence McMichaels (daughter-in-law of Mrs. Albert Myers) directed a film last summer which was just recently shown at the Esquire Theater in Pasadena. The film is called, "The Ring," and was produced by Mr. Howard Miller. It was shot down at the beaches, has little dialogue, and has a very interesting plot. Now the film is back in New York being shown. Mrs. McMichaels said there were many people involved in the production of this film from Sierra Madre.

The Menu Story

by Frank P. Burke

This week's story is of THE DEN in Pasadena — Lake St. just south of Orange Grove Ave.

I have been here many times and it is ALWAYS GOOD — luncheon or dinner.

To me there are a lot of places that serve prime rib. But there aren't too many places where you would want to return.

The last time I was there was March 6, on my return from San Francisco.

My friend and chauffeur for the night BOB DALY readily agreed — that if it's prime ribs you want, try — THE DEN.

Our waitress that night was EDITH and this girl REALLY does a MAGNIFICENT JOB!

The Den has the regular run of steaks — chops — sea foods — salads, etc., etc.

Also a "Special" each night of the week.

The chef, Laurice Fletcher has been around this valley for many years — he is only known as "Fletcher."

So, make a visit to the kitchen and say hello — tell "Fletcher" you read it in the Sierra Madre News.

Thanks, again, folks — just keep them cards and letters coming.

As Ives Sees It

boat comes in and the gutting and cleaning process starts you can see groupers, red snappers, trigger, soap, all varieties of bass, sharks, perch, corbina, mackerel, barracuda and you name it.

ALL IN ALL it is a restful place to spend a vacation. The slow pace of the Mexicans soon rubs off on you. The days are warm and the evenings mild. We returned with suntans and memories sufficient to start the planning process for the next trip to Mexico.

LEAVE TOWN FOR A WEEK without any touch with the news media and you find that Gaseous Clay disposed of another stumble-bum, the Bruins proved they are among the greatest collegiate basketball teams of all time, that the Lakers really weren't any better than a third place team in their division, that Citrus went to the finals in the Civitan Baseball Tourney and Pasadena won the consolation bracket, that Jim Ryun is after all only human and that baseball, for real, will soon be upon us.

nights for two at the Stardust Hotel in Las Vegas. Also a 21 jewel wrist watch, donated by Byron Hopper, will be awarded. The awards will be made during opening day ceremonies at Heasley Field on April 29.

As an incentive to the Little Leaguers or Pony-Colt boys who sell the most tickets, reserved seats to ball games have been donated by the Dodger and Angel baseball teams, also a baseball glove donated by Toy and Patio Village will be awarded.

The drive will last from April 1 through 22. So when that boy rings your doorbell, buy a ticket, be a baseball booster!

Organ Workshop

The Organ Workshop of Shakespeare Club will meet at 12:30 p.m., April 5, for luncheon at the home of Mrs. William D. West on Arlando Road. Reservations are necessary. Mrs. Oscar Kulberg, chairman. Mrs. Louise Grant Rice, director.

Richard and Coletta John of 105 Monterey Lane, want to San Diego on a little vacation just recently. They took in some golf and enjoyed their stay at Vacation Village tremendously before returning home. They are parents of 6 months old baby Jackie and also have four other children, Adrienne, Greg, Kevin, and Andrea. So, you see, the Johns are people who really appreciate vacations by themselves ... as all parents do!

"Let's
Talk
Dry
Cleaning"

by Joseph Delgatto, Sr.

March 21st was the traditional first day of spring. The weather doesn't always agree . . . but the arrival of this new season is a signal of warmer days to come. It's a time when housewives start to think of spring cleaning.

Here's a suggestion for those of you who already have the urge to put your house in order at the end of winter. Many of the things you use during the cold weather are put aside come Spring. Your heavy wool blankets will soon be changed for lighter weight bedspread, too. Before putting these heavier things away, bring them to us for a thorough cleaning and mothproofing. You'll be sure they'll be ready to use again in the fall.

And while you're doing your spring cleaning, don't forget those curtains and draperies. Our expert cleaning can freshen them up for spring's new look of color and brightness.

For everything that needs to be cleaned, you'll find our service prompt and reliable.

Free moth-proofing on everything we clean.

A lot of us just go on working until our vacation time comes. Janie Beringer, one of our newer residents, just can't get out of the Easter vacation spirit nonetheless. She keeps sleeping in and is consequently late for her job at Sears in Pasadena. Of course, none of us ever sleep in, do we?

Linda Cline enjoyed Easter vacation and the rest it brought her from her studies out at Citrus J.C. She is studying to become a veterinarian of livestock. Not many girls get into such a field nowadays and it's sure good to see one so enthusiastic and smart. A freshman now, she plans to attend the University of Iowa in her sophomore year, if possible. Say, Linda, do you know that in classes like animal husbandry there are about ten guys to every one girl? Now here's a co-ed that knows how to pick good majors!

Your Dollar Is **BIGGER** at Home...

It's a statistical fact that about one-third of every Dollar we spend goes into the taxes and contributions that pay for community services and facilities ... IN THE COMMUNITY WHERE IT IS SPENT. When we run a Dollar through our own home trade channels, WE enjoy the benefits of better living and richer opportunities which a third of that dollar buys.

The dollar we spend somewhere else, pays for these advantages FOR SOMEBODY ELSE. Our money has bought the same things... but WE do not get ALL it has paid for... we have received LESS for it. And... since, obviously, we get MORE for a home-spent dollar, who can deny that your dollar is **BIGGER** at home?

It Pays to Buy Where You Live
